

While I am taking roll and learning your names, would you please do the following:

1. Introduce yourself to two or more people.
2. Find out how they plan to pass this course.
3. Find out if they have ever been in a study group and if so, whether it was successful.
4. Ask a question about these review questions.
5. Answer something about these review questions.
6. Be ready to re-focus on the lecture when the roll is finished.
