

Here is your one-time-only Retake Opportunity for Test 1 (NOT offered for any other MAT 012 exam this semester!)

Options:

- If you decide to take the Retake-Test for Test 1, it will be weighted with the original Test 1 grade in the following manner: *30% of the worst exam's grade points will be added to 70% of the best exam's grade points for your complete grade of Test 1.*
Please work the Review HW 1 – 8 in MyLabsPlus (not for points and not a requirement), and rework test and practice test questions to practice. Solutions to Test 1 will NOT be posted, but solutions to the practice test are available.
- If you decide not to take the optional Retake-Test for Test 1, your current score for Test 1 will stand.

This retake test has to be taken in the testing center.

There will not be a proctored retake (since it would fall on Halloween).
